Speakers,

To tie in with the Government's twice yearly employment law changes we are, as usual, running a series of one hour update seminars and this time, due to popular demand, there are four dates to choose from.

- The latest changes are effective from 6 April.
- Statutory Dispute Resolution Procedures are being abolished and we will give you a step by step guide to the new ACAS Code of Practice
- The credit crunch has changed priorities of many businesses and created new practical, and potentially expensive, employment problems.
- Reduce your risks by making sure you are up to date.

We will explain the imminent changes, and provide our usual practical tips about how to deal with real day to day issues.

For: Proprietors, MD/CEOs, FDs, HR and other managers.

There will be bacon butties and coffee or a finger buffet lunch before the seminars

If you and/or one of your colleagues would like to come to any of these seminars please reply or email:
